

Chun Ning SO

Email: so1490600850@gmail.com

Phone No.: +852-6671 0279

Webpage: <https://xiashuidaolaoshuren.github.io/>

Availability: Immediate

Expected Salary: HKD 23,000/month

Education

The Chinese University of Hong Kong

Aug 2022 – Jul 2026

Bachelor of Engineering in Artificial Intelligence: System and Technologies

Skills

- **Programming:** Python, C/C++, JavaScript, Java
- **AI/ML:** PyTorch, Hugging Face, LangChain, LangGraph, RAG, LLM, Computer Vision
- **Software Engineering:** FastAPI, React, Docker, Git, Linux, SQL, REST API

Work Experience

Gekko Artificial Intelligence Limited

Software Engineer Intern

Jun 2026 – Jul 2026

- Explored deployment workflows for Ubuntu Pro in air-gapped enterprise environments.
- Evaluated enterprise deployment solutions, including SMTP relay and MS Teams Bot rate limiting.

iASPEC Service Limited

Software Engineer Intern (Summer)

Jun 2025 – Aug 2025

- Developed frontend features for an AI-powered testing platform with React/Tailwind CSS
- Implemented FastAPI APIs and business logic for AI-assisted testing services.
- Contributed ~300 commits across production features, bug fixes, and optimizations.

Selected Projects

LLM Hallucination Detection and Mitigation with Zero-Shot methods

Final Year Project

Sep 2025 – May 2026

- Developed a zero-shot LLM hallucination detection framework.
- Designed zero-shot detection strategies without supervised data.
- Conducted experiments to analyze model reliability and hallucination patterns

GTA V ALPR (Automatic License Plate Recognition)

Foundation of applied deep learning

Oct 2025 – Nov 2025

- Built a YOLO-based ALPR pipeline using PyTorch and OpenCV.
- Created and annotated a 1,200+ image dataset with augmentation to improve robustness
- Developed an end-to-end inference pipeline for detection and recognition under varying conditions
